Green Eyes

Who was that? Mike asked El nervously.

Oh, that was just Ben! He's super nice.

Who was that, El said pointing to the girl walking away.

That was Angelina my science partner.

Hi! This is my first fanfiction, I know this isn't very long but I will update as much as possible!

Hawkins Indiana 1985.

El woke up at 6:00 am sharp today was her first day of high school.

Dustin was obviously still sleeping.

Lucas was radioing Dustin trying to get him up.

Will was making breakfast for himself.

Mike was yelling at Nancy for eating the last 2 eggos.

At 7:43 Steve left his house to go pick up Dustin, Lucas, Max, and El. Joyce had insisted she drove Will and Jonathan to school and Mike was being driven by Nancy.

When Steve pulled up to Hopper's house (The cabin was once again a place for storage.) El was frantically searching for an outfit, she had two outfits on her bed and she couldn't choose! Jane, Steve is here! Called Hopper, but El couldn't choose! 5 minutes later Max came into her room. Jane come on we're going to be late! But, I can't decide! Suddenly the lights started to flicker as El started to cry. Oh, come on don't cry Max said nervously looking around the room. I'll call Megan El announced. You don't have time to call her she's probably already at school! Okay, okay I'll wear this El said pointing to the left outfit on the bed. The outfit had black leggings and a violet sweater.

About 20 minutes later the trio were all at the high school.
